ABOUT CARINTHIA VII

Aptly named 'Project Faberge' during her construction, CARINTHIA VII represents a milestone in the history of both Lürssen and the world of yachting today. Built throughout in steel and exemplifying a level of craftsmanship, engineering and styling rarely matched even to this day, CARINTHIA VII has remained a hidden gem over the last 21 years with views of her interior rarely seen. Widely regarded as one of the world's first true mega yachts with exterior lines designed by multi award-winning Tim Heywood, the influence of CARINTHIA VII has been felt far and wide across the yachting industry with Heywood himself commenting on how "several yachts were consequently designed and built that owe their DNA to her".

Step into a dream world aboard CARINTHIA VII, a realm where luxury, sophistication, and performance meld seamlessly. With six decks, endless interior space, and vast outdoor areas, she is now available for charter for the very first time, after an 11-month Lürssen refit, completed in the fall of 2023. Visualize the main deck, adorned with a 12-meter pool like a hidden oasis, or ascend to the bridge deck for a new 90-square-meter gym and an outdoor cinema under a celestial sky. A serene spa awaits your journey, and the upper deck ensures privacy. On the sun deck, spanning 124 square meters, soak up the sun, dine in the open air, and savor BBQ delights. CARINTHIA VII guarantees an exceptional and unforgettable charter experience.
